

## **2017 Summer Internships**

### **epikos Church, Milwaukee WI**

**epikos.org**

#### **History of epikos**

epikos was planted in 2005 in the East Side Neighborhood of Milwaukee. With a “heart of go,” epikos saw the opportunity for Gospel-work throughout the Greater Milwaukee area. This passion led to the launch of the West Allis Campus in June of 2012. Continuing with that mission, North Side was just planted in August of 2017. Our approach into our work for the Gospel of Jesus Christ is remembering that we are joining God in what he has been doing in these areas long before he called us here.

#### **Distinctives of epikos**

Our mission is to make more and better disciples. We do that through worship, small groups, and serving. God has given us a platform to lead in Milwaukee as a growing church that stays small (we are a church of small groups, not with small groups), focuses on the margins (college students, young professionals, blue collar, and urban), and hands off the keys to the kingdom (sending the people of God empowered into what God has called them).
